@PlantWhisperer

I live alone and recently I started talking to my plant every day...
At first it was a joke, but now I feel like it actually listens to me 😊
I even say good morning and good night to it. Is this normal?

@CatBoss

My cat has a new hobby: sleeping on my laptop exactly when I need to study. I try to move it, but it just comes back and sits again 🥹 I have homework to do, but my cat is the real boss here.

@OopsIDidItAgain

I was checking someone's profile and accidentally liked a photo from 5 years ago 🤔 Now I'm scared they will see it and think I'm weird. Should I unlike it or just disappear forever?

I bought new shoes because they look amazing, but they are SO uncomfortable. I can't walk in them, but I really want to wear them outside 🙄

I feel so embarrassed now. Why do I always say the
